Club member, is looking for help identifying what model of car is in the attached photo. He is going to be using this photo in an upcoming publication. The photo was taken in 1927. If you have any guesses, please let him know.

(Note: My Model T friend, indicated that this vehicle is NOT a Ford)

Greetings from Melfort & District Museum. I am a volunteer here and past Board Chair. I was talking to my friend Wilf Stringer of Martinsville a few months ago about our Ford Model TT truck. His recent death leaves me a bit uncertain where to turn for assistance/advice. The truck is partially rebuilt. The previous owner's father did the motor in the 1970'a, and our carpenter has repaired the cab roof recently and is working on the seat. We originally rescued it partly under snow several years ago, so may have missed a part or two, but believe most parts are with it. We have recently realized, however, that the rear wheels are missing, and we've been unable to find a set. I'm not sure what the size is, but the guys who work in the shop tell me they were larger than the ones we have. We do not have anyone with experience in restoring vehicles, so are wondering if you have anyone who might be willing to take a run this way and look the truck and parts over? I know there would be a cost. Wilf was going to do it but of course now that won't happen. I believe he had a friend with experience but am not sure if he is involved in your club. I will have to get his name, which I cannot recall. Any suggestions you have would be appreciated. It is taking up a fair bit of space in our (heated) shop, but since its a rather rare item we hate to put it outside in the elements.

You can reach me personally at duckesq@gmail.com, and by text or phone at (306-920-7224). I travel back and forth between Melfort and my farm home west of Biggar.

Ed Uebele, Essex, Ontario. I'm looking for the history of this car, I received no paperwork with it, but I believe it came from Sask. I will compensate for time spent if someone can dig deeper into any records. Thank you...

Happy Friday afternoon SAAC Members and Clingons!

We are preparing to do SGI collision claim repairs on a 1960 Hillman Minx Series Three. Does anyone have any leads on parts? I doubt we will find any new or aftermarket supported parts in the entire known Universe. A parts car or used parts, preferably already in Canada, would be a golden find!

We are in search of:

Right quarter panel

Right quarter panel trim

Trunk lid

Trunk trim

Rear bumper

Please advise if you have any clues for news on these parts.

Thank you sincerely,

Dave

Please contact Dennis if you wish to attend this event. The Saskatoon Mustang & Classic Ford Club (SMCFC) has arranged a tour of the Canadian Light Source facility for Thursday May 21st at 1:00 PM. The SMCFC has six remaining spots if members of the Saskatoon Antique Auto Club (SAAC) are interested in attending. If there is more interest than the six spots an additional tour starting at 2:00 PM is possible. A list of attendees including emails and phone numbers will be required.

Top photo item is an air filter, Not original item however matched up at the filter place. The mid item is a door hinge to correct a sagging door. and the last item is an O ring for the rear of the engine. There is no oil filter on this engine Every 30000 miles The cover has to be removed, and the area of the oil slinger cleaned, and the cover replace with a new O ring Do not have info on the engine however it was a 1974 Fiat 850 sport spyder conv. The Manual went with the Fiat. SPARE new parts to give away
