Business Arising out of Meeting Minutes:

Garage Tour at Betty's and birthday part for Henry was well attended, great food and a great time. A Dan Reid print was presented in appreciation of the garage tour.

Corn Roast was a success, and we had 64 people show up. Robb Brown and his wife Elaine also arrived as guests. Due to Robb's generous donations to our Corn Roast, we were able to drop the price per plate down to \$10.00 per person. Robb donated the corn, burger patties, wieners, buns and condiments from Freshco. The club supplied the salad, deserts, beverages, hall rental and we were able to buy a proper sized propane tank to fit the club BBQ.

There were a number of no-shows, that were on the sign-up sheet. We use the sign-up sheet as a means to find out how much food needs to be ordered. We strongly urge members who have signed up and find out they can not attend to contact Lloyd Morgan or myself, because unannounced no-shows do throw a wrench for those organizing. Al Willms will attend a board meeting on Oct. 2 of the Warman Senior Centre to formally present a Dan Reid print depicting locomotive pulling into a train station with a vintage car and truck from the fifties parked beside the station. This presentation will be done in appreciation to the Warman Senior Centre so that their members can enjoy Dan Reid's artwork. There will be a small plaque on the framed print indicating that it came from our club.

Thank you to all the people that helped out by setting up all tables and chairs and the members spouses that helped setting out the food and deserts. Jordy was our chief Corn Cooker this year. Pam brought her award-winning baked beans; I know John Moffatt was especially happy! Verne for looking after the beverages. And again, thank you for the support we had from Robb Brown and Freshco Foods Market Mall. The Clark's Crossing Gazette included a photo and caption in their newspaper.

ANTIQUE AUTOS IN WARMAN

The Saskatoon Antique Auto Club (SAAC) chose to host their annual corn roast and barbecue at the Warman Senior's Drop-in Centre on Sunday, September 14. This was the first time the

club had held the event in Warman; according to SAAC President Al Williams, one of their members would act as host. The club members lined their automobiles in front of the seniors' centre and in an open grass lot across the street from the facility.

Al Willms will be presenting the following Dan Reid print to the Warman Senior Centre board on Oct 2, as a Thank You for hosting our event.

The Scavenger Hunt had only one participant and that was Don Pidlisny.

Norm Mowles and Dave Brock suggested that we pre sell tickets to the Corn Roast in the future to alleviate the problem of people signing up on the sheet and then not attending. Norm also expressed his disappointment with the club not supporting the Scavenger Hunt.

A \$300.00 donation will be made to The Heart and Stroke Foundation in memory of Bud Small. As directed by Kelly Small (Bud's son)

A \$100.00 donation was made in memory of Barry Cammidge for his contribution to our club, to Farm in The Dell in Aberdeen, as directed by Holly Cammidge (Barry's daughter). Farm in the Dell is a non-profit organization provides enhancement of emotional, physical and spiritual means for individuals in need, in a farm setting.

Jordy has now invested the \$5000 transferred from the Swap Meet into the club's general account a couple of months ago, into a GIC 3% for a 5-year term. We have a couple of other GIC's coming due before then.

We had a moderate turn out of cars for the Feed the Hungry Tour from our club and other clubs. The Saskatoon Sept. 1 event was posted on their website and very professionally presented. Richard Demers does a great job and he is also a member of the Edmonton Antique Auto Club. At the end of the event the Saskatoon Food Bank was the benefactor of many food donations. Robb Brown also brought 6 large boxes of food items from Freshco to donate. Thank you to all that helped to make this a successful event!

Old Business:

We have 4 months until the AGM, we will have some openings on the Executive: Secretary, Vice President, (2) directors. This is an early notice. If you are interested or would like to nominate someone, Please let the executive know within the next few months.

Thankyou to all that helped Ray Fribance show his 42 Desoto Coupe at Market Mall at one of the Friday Night Show n Shines. This is what our club is all about...members helping each other! Proud moments for our members!

New Business:

SAACC will be holding their fall meeting in Regina on Sunday Oct.5.

They will be reviewing the regulations to import vehicles from the USA and related tariffs.

Here are some CBSA links to review prior to importation of a vehicle.

George Dwernychuk and Jerry Lupul will attend.

We have one more Garage Tour at 3-D Printing in October. Lloyd Morgan gave some details, more information to follow. Wave of the Future 3D Printing 2117 Faithfull Avenue, Saskatoon

We would like to thank our Social Committee Lloyd, Pam, and Norm. Lloyd and Pam for organizing the garage tours we enjoy. Norm for his hard work organizing all the show and shines at numerous Senior Residences throughout the summer. I am sure the appearance of the vintage cars means more than we know to the seniors that reside there. It is great to have people in our club that give so much of their time, so the rest of us can enjoy these events!

As we progress into the winter months, we are looking at getting some guest speakers for our meetings. Randy Johnson re: custom made auto retro furniture; might be a guest speaker at our November meeting, more details to follow. Also, a heads-up, our November meeting will held on November 18 vs Nov 25, (a week earlier) due to the Christmas Tree display at the WDM during our regular time slot.

NAACC email was forwarded earlier to all members regarding details about importing classic vehicles from USA into Canada.

Subject: Buicks available for purchase

I have two Buicks I would like to sell to an interested buyer.

They both are frame up restorations. They are both touring cars. 1917 D45 and a 1918 light six. Both run well. the light six is believed to be only one of two to exist. The other was in the GM museum in Oshawa.

I will sell each for \$25,000. That's less than buying an ATV.
