Lloyd Minion and Fred Remillard to draft a letter outlining the significance of the stolen property and that there will be no charges laid in connection with its theft, to be posted on the SAAC website.

Cruise Day Followup: Members were wondering if we could up stanchions and ropes to cordon off our cars to people wandering in around between units with bikes, strollers, dogs etc. It is believed that

Wally Barch may have the barriers, however it is not known what condition they are in. The executive will look into this.

Update regarding Sask Polytechnic Bursaries.

Norm received a letter acknowledging our bursary donation, see below.

THANK YOU FOR INVESTING IN SASKATCHEWAN POLYTECHNIC 2022

Mr. Norm Mowles
Saskatoon Antique Auto Club
Box 311
Dundurn, Saskatchewan S0K 1K0

Dear Mr. Mowles,

You are changing lives. Your generous support of Saskatchewan Polytechnic students inspires success in every learning journey. Because of you, Sask Polytech students are becoming a driving force for innovation and growth in their communities.

Donors are essential to ensuring students have a clear path to reaching their goals. We are so proud to share that in 2021, over 800 students benefitted from the financial and motivational support provided through scholarships and bursaries. I am grateful for donor support that allows Sask Polytech to reach higher. Your thoughtful gifts make a significant impact by changing the path of students' lives, enabling them to achieve their full potential.

Thank you for investing in the future of Saskatchewan by supporting Sask Polytech students.

And a thank you from one of the recipients Robert Weathers from the Automotive Service Technician Program

Testimonial

I would like to thank my donor so much for selecting me for this award. It will help me to purchase tools for my future career as an automotive service technician. I've looked forward to this course for over 5 years now. I was previously in the military for 12 years, but my dream career was to have my own shop, and teach women and high school students about the basics of car repair (how to change their oil, how to change a tire, check fluid levels, maybe even how to complete a brake job) so they could feel confident being on the road and being in an emergency situation with their vehicle. When I retired from the military, i found out that my schooling would be paid for, so I was even more excited and couldn't wait to start my journey as an Automotive Service Technician. So thank you again for this wonderful award, it does not go unappreciated.

New Business

None.
