Dan Reid Artwork

Prints Available for Sale - SAAC Fundraiser

A familiar face to many in the Saskatchewan car club community, Dan Reid was a member of the Saskatoon Antique Auto Club and a local artist.

Dan grew up on a farm near Crystal Springs, which instilled in him an appreciation for the ever-changing moods of the prairie landscape and its beautiful open skies which he was able to vividly capture through his artwork. His areas of focus include grain elevators, prairie harvests, farmyards, and trains, as well as antique and classic cars. Dan, along with his wife Jean, regularly attended car and art shows throughout Saskatchewan selling his artwork and catching up with friends. Sadly, Dan passed away in 2018 and Jean in 2020.

In memory of Dan and Jean, all prints of Dan's artwork currently in inventory are being offered for sale as a fundraiser - 100% of the sales of prints to members of the Saskatoon Antique Auto Club and the interested public will be donated to the Saskatoon Antique Auto Club's bursary fund for Saskatchewan Polytechnic students in the Automotive Service Technician, Auto Body Technician, and Automotive Painter programs.

Prices of prints range from $40 to $175, based on size, material and if framed, further information available on request. All prints come with a certificate of authenticity that was signed by Dan, except as noted on inventory and price list. The attached inventory list includes all currently available prints, including images of the artwork, sizes available, and prices. Available inventory is subject to change and will be confirmed prior to purchase-given the number of prints in inventory. Paper prints come matted and ready for framing and canvas prints are unframed with a black gallery wrap around the edges unless otherwise noted..

Purchases and inquiries can be made through saskatoonantiqueautoclub@gmail.com

Thank you in advance to those helping to promote this fundraiser and for your interest, both in Dan’s artwork and in supporting this worthy cause.

(Revision March. 2025)
