They are accepting food donations for the Food Bank and or cash.

Website <https://www.feedthehungrytour.com/>

Feed the Hungry Tour

Richard Demers will tour his 1932 Dodge DK Eight Sedan to various car clubs and museums in western Canada and into the USA in support of food banks.

About the Feed The Hungry Tour

The Feed The Hungry Tour is a charitable journey that combines history, community, and compassion. Driving a 1932 Dodge DK8 Sedan from Edmonton to Owensboro, Kentucky for the 79th Revival Glidden Tour, we're making purposeful stops in 12 cities to raise donations for local food banks. At each location, we host Show & Shine events at local museums — celebrating vintage cars while shining a light on the very real issue of food insecurity. Our mission is simple: turn heads with history and turn compassion into action. Every visit is a chance to support a local museum, strengthen a local food bank, and remind people that no one in North America should go hungry.

Aspira Stonebridge Crossing Show 'n' Shine Weds. July 23 1pm to 4pm 102 Wellman Cres.

Saturdays: 10am – 3pm
May 1 – Sept. 30 (Outdoors)

Business Arising out of Meeting Minutes:

Garage Tours last month at Lloyd Minions shop and Dave Williams shop were well attended. Very interesting live of Lazer cleaning at Dave’s shop.

Old Business:

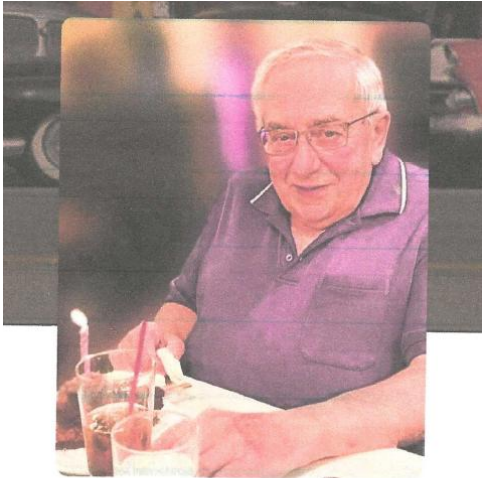

The venue for the 2025 Corn Roast has been secured. It will be the Warman Senior Centre on 422 Peters Street in Warman. There is diagonal parking across the street, along the side and behind the building for classic vehicle parking. We will set up a BBQ and corn cookers up on the deck. Chairs and tables will be set up inside for dining. We will be circulating a sign-up sheet to get an idea of how many people are attending. We will also need a few volunteers to arrive early to set up tables and chairs and take down and cleanup after the event. We have the hall rented from 2pm to 6pm. Subject to a Scavenger Hunt prior to the corn roast, we will be dining at 4pm. The venue is an interesting building; it is the original Railway Station in Warman. It was moved many years ago from its original location and renovated to a very pleasing community centre for seniors. More details to come.

Sadly, Barry Cammidge passed away on June 30th. Barry was an active member in the club for many years and he will be dearly missed by his family, friends and by his fellow club members. We had some members show up at Windsor Chapel on July 11th in Saskatoon to pay their respects.

Bud Small had been hospitalized for several weeks; a few members have dropped in to City Hospital to visit. Hopes were that he would start physio, strengthen up and return home. We recently learned Bud had passed

away last Saturday afternoon (July 19) at St. Paul's Hospital. This very sad news for all that knew Bud. He will be dearly missed by the club.

A funeral service will be held on Sunday, July 27th 2025 at 2:00 PM at the Saskatoon Funeral Home (338 4th Ave N, Saskatoon). PLEASE wear your colours, if possible.

1942 — *William* — 2025

John Boehmer:

How did the Scattered Spokes Tour go? July 7th to 10th Tour went well, some hi-lites stop at Raymore Sports Grounds, also toured through Melville, Esterhazy among many other locations.

Dennis Stanley:

Mustang Club had their open house at the Forestry Farm July 17th Dennis Stanley reported, the event was a lot of fun, but it was very wet.

New Business:

Tonight, after the meeting, we have a garage tour at Flyn Skot's, he is a Corvette enthusiast, pop and donut's will be served.

We will have a couple more garage tours coming up in the next couple of months, we still have to confirm a few details. More information will be available closer to the future meeting dates.

As we progress into the winter months, we are looking at getting some quest speakers for our meetings. A couple of possibilities: Randy Johnson re: custom made auto retro furniture; Dale and Sherryl Epp re: Oil and lubricant technology and Amsoil products. Guest speakers will probably be booked in for the Oct and Nov meetings.

2025 Roster, Reminder to Members who have not paid membership dues

We have 6 months until the AGM, we will have some openings on the Executive: Secretary, Vice President, (2) directors. This is an early notice. If you are interested or would like to nominate someone, Please let the executive know within the next few months.

*Note: Many other events are listed in the auto events calendar that are not listed here, Go to (autoevents.ca) for a complete listing

Nuts and Bolts:

Ken Laing. [306 290 6763](tel:3062906763). krlaing@sasktel.net

Dear Antique Car Club Members,

I currently have 3 projects but I know I can't quite figure it all out on my own. I have a 1926 model t sedan I have totally taken apart and hoping I can keep it close to original. I have a 1926 model t, I am hoping to make a minor rod out of. I have a 1985 Mazda RX 7 to work on too. Just not flush with cash, because I worked at a job where lifting people out of difficulties was what I chose as my reward. It was an amazing career. I think I have collected enough parts to get started on these cars.

I would like some help and advice with my model t sedan and someone who has knowledge of how to build the suspension for my 2 door hot-rod build.

I grew up on a farm and did farm work growing up. I did Auto body in Wilkie, Cut Knife on weekends as they needed and North Battleford for a stint. I changed careers and went back to school after some people from a group home came and had us fix their wheelchairs etc at the shop in Wilkie. I thought it must be nice to work with people. I worked as a Mental Health Worker for about the last 30 years in North Battleford for 3 years and Saskatoon for the rest of my years for the North Star Supportive Housing primarily, but also some stints elsewhere such as doing Victim Offender Mediation at John Howard Society, CMHA and the Saskatoon Health Region on the Mental Health Transition Team and as a Rehab. Worker with the Community Mental Health Nurses.

Throughout that time I did a little body work on the side. I got my Journeyman's in Auto body back in 1991. I did painting and metalwork. Attached is a couple jobs done in my garage. It would be great to make some friends and do some work back in this industry. If people can help me, I am happy to help them. Due to health I no longer drive after dark so that is a minor limitation.

If you are unable to take me in with your club leads for others would be appreciated. I would prefer a smaller club. Want to keep myself busy and I do continue to help a few disabled people who have unmet needs.

Thanks for considering this.

Ken Laing. [306 290 6763](tel:3062906763).

1965 Pontiac Laurentian

- Original paint
- Four door sedan
- 283 Engine
- Power steering
- 3 speed power glide transmission
- Factory wheel disks

his 4-door, 1965 Pontiac Laurentian has been in my family since purchased new in Saskatoon from Mid City Motors. It has approximately 65,500 original miles, much of which was driven at 50 MPH by our mother on gravel roads during her time teaching in Saskatchewan rural schools in the 1960s and 1970s. The car was stored in a single car garage from about 1974 to 2014.

Mechanical work was completed from 2019 – 2022 to put it back on the road:

- Replaced all belts and hoses
- Re-cored the radiator which preserved original tanks and transmission lines
- New gas tank
- New gas gauge sender
- New fuel pump
- Remanufactured carburetor
- Brakes done as required
- Complete ignition tune-up with new parts
- New tires

Issues

- Right rear bumper was pushed into rear fender many years ago. Bumper was straightened but no bodywork or paint attempted.
- Needs interior rear window molding.
- Needs interior upholstery attended to
- Reconditioned push button Pontiac radio is included. Car has antenna but no speaker. Needs to be installed.

Questions/Comments/Concerns:

Mike Van Grondelle:

Spoke to the issue of membership dues in arrears. Urged members to check and pay if needed. Indicated he will send a friendly reminder via email to those who may have forgot to their pay dues.
