There are new tires and original MGB rims in the later photos. The MGB was owned by a family in Yorkton and they did the original restoration. It has overdrive which is a good feature. What is left is cosmetic or detail work. I have a new dash and glove box. Seats original and new upholstery. The MGB was tuned up by Bob Forward of the British Car Club and appraised at \$10,500.00. It shows about 43,000 miles but this may not be correct. Please call for additional information or a test drive. Price \$7,500.00.

My wife and I have recently become owners of a 1929 Ford Model A pickup. I am looking for contact information for any person in the club that might have knowledge of general maintenance, and tune up of the Model A?

I have rebuilt the carb on our unit, and it did run for a bit, however now doesn't want to start?

Thank You in advance for any assistance you can provide. We are based in Saskatoon. Thank you Mike
